HOW TO FILL IN THE TECHNOLOGY REQUEST FORM

Description

Please describe the relevant characteristics of the technology request (max. 4 000 characters).

The description is a detailed explanation of the requested technology/know-how and it should answer the following questions:

- Geographical location of the company (country)
- Type of organisation of the company and their field of activity
- Explain the reasons (why) is the requested technology/know-how needed
- Describe the requested technology/know-how in more details: main features and application fields
- Provide information about the company expertise or know-how
- Justify the selected cooperation type(s):
 - Why these cooperation types were selected – the desired outcome of an international partnership
 - How is the international cooperation envisaged – the cooperation types should be explained, not simply stated

When using abbreviations, make sure that the full names are given when they appear for first time in the profile text.

NACE keywords

Selecting the right code from this link: [NACE codes](#)

Type and Role of Partner Sought

Insert detailed information (this will allow prospective partners to be fully aware of your clients' needs and expectations). The field should address the following information:

- The type of partner sought (industry, academic, research organisation, business etc.)
- The tasks to be performed by the partner sought
